

Brand Reliability

How does LG rank vs other TV Brands?

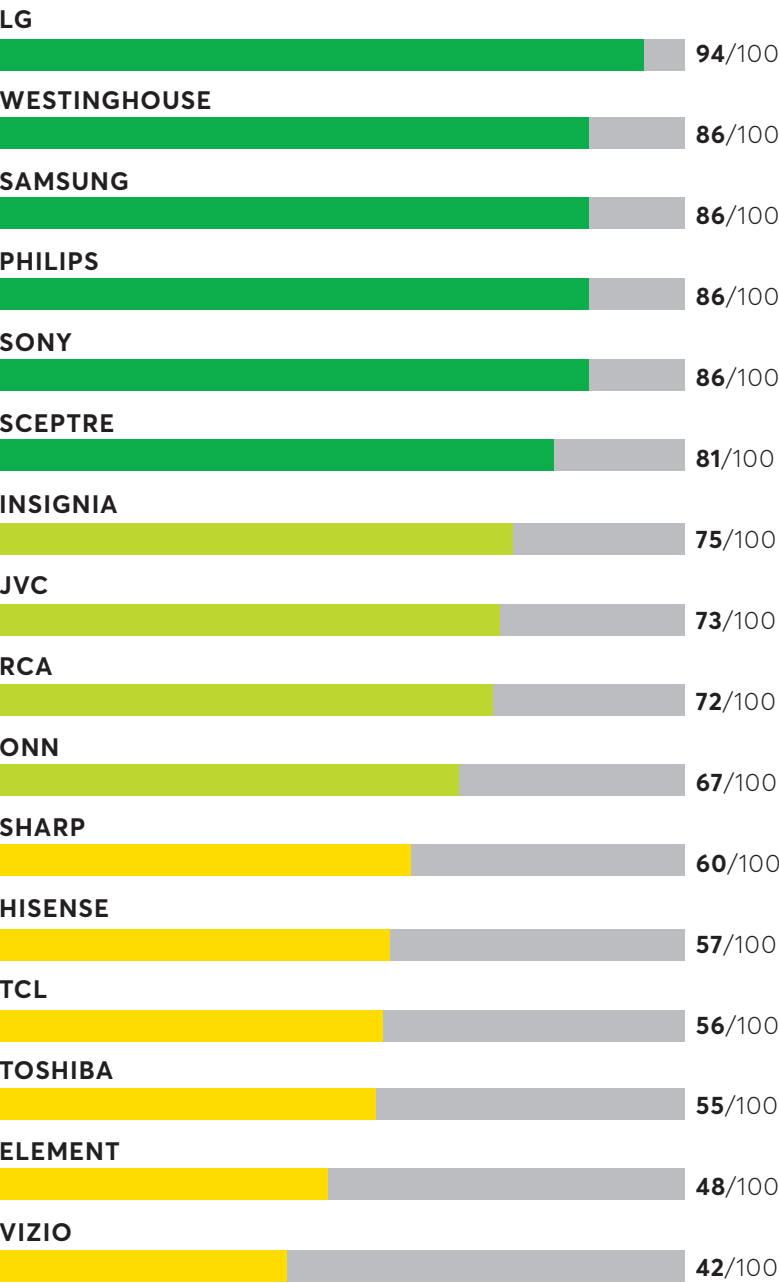

Consumer Reports surveyed members who purchased a total of 121,881 new TVs from 2015-2025.

#1 in Reliability of all TV Brands

Did the brand perform consistently well over time?

Predicted brand reliability scores are based on the likelihood of newly purchased TVs experiencing a problem, adjusted for extended warranty or service contract status and product usage, by the end of the 5th year of ownership. Higher scores mean better reliability. Ranked #1 of 16
